3-CENT RATE BILL

INTRODUCED BY HUNT IN UPPER
HOUSE OF TERRITORIAL
LEGISLATURE

PHOENIX, February 6.—Following is the complete text of the bill introduced in the territorial legislature by George W. P. Hunt, president of the council, on January 28. News from Phoenix is to the effect that there is little likelihood of the measure becoming a law at the present session:

Section 1. That no railroad or railroad company, within the territory of Arizona, shall demand or receive for transporting a passenger over its line or lines of road a higher rate of fare than (3) three cents for each mile or fraction of a mile it may transport such passenger and such passenger shall be entitled to have transported with him baggage not to exceed one hundred and fifty pounds, free of charge; Provided, that in no case shall children under ten years of age be charged a higher rate than one and one-half (1½) cents per mile, or fraction of a mile; Provided that the minimum charge for fare in no case shall be less than ten (10) cents; and Provided further, that any railroad or railroad company shall have the right, by such rule or regulation as it may prescribe, to empower conductors on its trains to collect in addition to the herebefore prescribed fare, the sum of five (5) cents from all passengers above the age of ten years, who have no tickets, when the ticket office at the station at which such passenger took passage has been open and tickets on sale therein, thirty minutes next before the departure of such train.

Section 2. All acts and parts of acts in conflict with this act are hereby repealed.

Section 3. This act shall take effect and be in force from and after January 1, 1910.

PUBLIC NOTICE

The public is hereby notified that the partnership heretofore existing between King & Kowl, cement contractors, has been dissolved. The undersigned will not be responsible for any bills contracted in the name of the firm.

TOM KOWL.

CEMENT BRICK

The Globe Cement and Construction company is now prepared to fill all orders for immediate delivery of cement brick. These brick are being generally used in Globe at present being both cheaper and better than any other available building material. The walls of the new Glia Valley bank are being constructed of brick made by the Globe Cement & Construction company, whose plant and yards are at the foot of Oak street.

Hotel Grafters.

The proprietor of one of the largest hotels in New York, speaking of the uses made by nonpaying customers of his house, said to a rural guest a few days ago: "We have a large number of patrons from whom we never collect a cent, although we have no such thing as a free list. They come here in the morning, pick up a castoff paper, which they read, keeping an eye open for another, which they grab as soon as it is dropped. After reading awhile they stand at the ticker, often giving long lectures to their fellows on financial conditions and stock possibilities. The overcoat becomes burdensome, and it is taken to the check room, where its owner knows it will be perfectly safe. Then, if they can tear themselves from the ticker, letters are written on our stationery. They do not use our telephones because we charge an extra 5 cents for the call, but they carry home matches, toothpicks, blank cards and blotters and use up the soap in our lavatories. They also take generous nibbles of the cheese and crackers in the cafe. The strangest part of all is this—that the majority of this class are well to do and highly respectable, and on that account we do not shut them out."

"THE MAN BEHIND"

Is like the man behind the Guarantee Paint Co. It's the result of his work that tells, and it's results you're after. For instance, when we paint your house for you the paint does not come off in six months' time, nor does the paper on the walls split or tear; but remains years and years the best recommendation of our artistic skill. Why? Because we use the pure paint, unadulterated, and are adepts in our line. We could not guarantee our work if we were not. Once you have dealings with us you are always our friend. Try us once and be convinced. Then you'll say "Oh, I wish I had tried you before."

Amusements

AT THE MAJESTIC

"Charlie's Aunt" will continue at the Majestic Theater this afternoon and tonight. The James P. Lee Comedy Players are meeting with a splendid patronage. Since the opening night of the theater some changes have been made in the stage settings and Manager Tupper is endeavoring to give his patrons the best to be had. A matinee will be given this afternoon at

MISS MARIE BARBIER
At Majestic in the "Wrong Doctor"

three o'clock and matinees will be given regularly every Sunday and Wednesday afternoon.

Monday night a complete change will be put on. Miss Thel Thatcher will appear in soubrette specialties and the company will appear in a new comedy written by James P. Lee entitled, "The Wrong Doctor," which is full of comical situations and funny sayings.

AT THE IRIS

Mr. and Mrs. Bob Miller, comedy entertainers, who made their first appearance at the Iris theater Friday night under trying circumstances, put on their full act last night to a full house at both performances. Their Bowery version of the Merry Widow waltz is a winner and in addition Mr. Miller does a turn of eccentric dancing that has considerable ginger in it.

The same bill that has been on for the past two nights will be given again tonight and a complete change will be put on Monday night. Bobby Hagan and company will appear in a comedy act and the Millers give one of the best acts in their repertoire.

FREE LECTURE

The second Free Lecture at Globe Bakery hall by Prof. M. F. Knox was delivered on "How to Teach the Child to Know Itself to Make a Success in Life." to another progressive audience. Mathematics is the only true science we have. Less than two per cent of all pupils in the last one hundred years that have gone through the schools have made a success in business. Figure the cost of keeping the teachers in this city besides being worn out to make 2 per cent succeed, to say nothing of the school houses you owe for. Take the 1,000 children going to school here and only twenty will make a success. What becomes of the other 980—scattered like the leaves on the tree—but somewhere off the hills some boy or girl will rise up and make a grand success. In this country more particularly are those who scarcely saw the inside of a schoolroom. The same condition is in London or Paris.

Good Attendance is Assured for the S. S. S. Club Hop

Much interest is being taken in the S. S. S. club dance, which is scheduled for next Saturday evening, February 13. The ladies of the club have been very busy the past week selling tickets for the affair, which is designated as a "Social Charity Hop." Special music has been arranged for, Dreamland will be decorated for the occasion, and the ladies promise to spring some surprises on their guests. The entire club has been appointed on the floor committee and promise to pay particular attention to see that strangers are introduced and have an enjoyable time. The price of admission will be \$1 per couple and 25 cents each for extra ladies, and the proceeds of the dance will be donated to the Ladies' Guild of St. John's Episcopal church. Tickets are on sale at the Palace Pharmacy and all are invited to come and enjoy the evening with the S. S. S. club.

SOCIETY

The Mizpah club was delightfully entertained last Thursday evening at Clark's pavilion by Misses Murphy, Ryan, May Ryan, Greves, Fagan, Maldonado, Venina and Carvel.

The young ladies had thoughtfully arranged for cards, the game being hearts, after which appropriate programs in heart shape, with "Mizpah" in unique fashion upon them, were distributed, and all enjoyed dancing to music by the colored orchestra until the wee sma hours. Delicious refreshments were served between the dances.

Those present were: Misses Haley, Carvel, Clark, Devore, Rose, Doyle, Meloy, Howning, Magrath, Mitta and Brownstone; Messrs Galpin, Solomon, Sultan, Alberthal, Hamilton, Crawford, Wiley, Rose, Mitta, Miller, Griffith, Levi, McIntyre and Dunn.

The S. S. club was delightfully entertained at the home of Mrs. E. R. Keith in Sycamore street Wednesday afternoon. The hostess had decorated her home in the club colors, pink and green, presenting a very hospitable appearance. Favors were given to the guests consisting of strawberry emery balls attached to the place cards. The club meets weekly and the next meeting will be held at the home of Mrs. Robert Bigler Wednesday afternoon in Kinney park.

A pleasant surprise party was given Miss Anna Egner by her many friends Friday evening at her home on North Sutherland street. Various games were indulged in, after which dainty refreshments were served. The party was given in honor of Miss Egner's fifteenth birthday. Among those present were: Misses Grace Frederick, Jay Higdon, Adah Carvel, Marjory McGrath, Margorite Schoonover, Grace Shute, Laura Cook, Grace Deming, Florence Cook, Alene Wentworth, Faith Sanborn, Mabel Mercer, Anna Cory, Anna Rose, Julia Fox, Elizabeth Obert; Messrs. Elbert McNelly, Dick McNelly, John Higdon, Milton Vincent, Charles Thum, Chester Haaband, Frank Shute, Martin Pomeroy, Philip Hornbuckle, Gordon Gibson, Carl Carico, Jack Bowman, Howard Towle, Glen Wimbish, Percy Bell, Carl Cunningham.

TO DEVELOP WATER

BILL WOULD PROTECT DISCOVERERS OF WATER IN PRIOR RIGHTS THERETO

PHOENIX, February 6.—John R. Hampton, member of the upper house of the legislature from Graham county, has introduced a bill which will protect the rights of persons developing water in arid lands. If it becomes a law it should have an encouraging effect on farming in the dry portions of the territory. Following is the full text of the bill:

Section 1. Any person or persons, company or corporation, developing and appropriating percolating waters, whether in the form of wells or springs, shall have the prior right thereto, and such percolating waters when so developed, and appropriated prior to the location of the soil in through or upon which said percolating waters is located, becomes thereby segregated from the soil and forms no part of the said land or soil, and a subsequent locator of the land or soil takes it subject to the easement, and water rights of the prior locator and appropriator of the percolating waters therein, or on.

Section 2. This act shall take effect and be in force from and after its passage.

Suffering and Dollars Saved
E. S. Loper, of Marilla N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals, burns, sores, ulcers, fever sores, eczema and piles. 25c at Palace Pharmacy.

CAPTAIN KELLY OUT OF OFFICE OF AGENT

NEWCOMER NAMED WEAVER TO
HAVE CHARGE OF INDIANS
ON RESERVATION.

HAD BEEN HIRED AS FARMER

CAPTAIN LOST JOB FOR BEING
TOO CAREFUL OF GOVERN-
MENT'S MONEY.

Captain Kelly, for years the Indian agent on the San Carlos reservation, has been removed from office.

What's more, the captain, who was dubbed in certain quarters the "Czar of San Carlos," has been superseded by a civilian, a young college man, who knew nothing of Indians or Indian life until he arrived on the reservation.

The new agent's name is Weaver. Mr. Weaver dropped in from somewhere sometime ago and applied for a position to Captain Kelly. Weaver was employed as a farmer and went to work like a good fellow, absorbing knowledge of his surroundings right along.

One fine morning, a couple of weeks ago, Weaver called on Captain Kelly at the post residence and exhibited his commission from Washington. There was nothing to be done by the captain but to bow to his successor, although it is intimated that the captain did add a few expressions of opinion concerning various and sundry personalities, among which that of Mr. Weaver may or may not have been included.

Chief Clerk Rabinovitz is still in office, but the white men on the reservation are taking much interest in the fact that Fiscal Agent Fisk, a new fiscal agent, has arrived with a wife and three or four trunks so large as to make it seem plausible that he intends to remain at San Carlos for quite an extended visit.

The cause of Captain Kelly's removal is public property on the reservation, as it is in official circles in Globe. The captain's sin was exaggerated economy. Of the money sent him from Washington for the care of the Indians, the building of roads, etc., on the reservation, he sent back thousands of dollars, stinting so that Indians left the reservation in large numbers and are now scattered all over the country, as far to the north as Roosevelt, and farther. It is also stated that the captain had a penchant for filling the thirty or forty positions in his appointment with personal friends, to the disregard of other considerations.

No charges of dishonesty were made against Captain Kelly, but the foregoing features of his administration so rankled in the breast of various persons interested that complaints were made at Washington with the result that Weaver applied for a job as a farmer and got it—the rest has already been told.

The Roller.
"A rolling stone gathers no moss," remarked the proverb dispenser.
"And, like the human high roller," rejoined the thoughtful thinker, "it also gravitates downhill."—Chicago News

In the march of life don't heed the order "right about" when you know you are about right.—Holmes.

Reason Enthroned
Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control. Then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at All Druggists. Sample free.
